

## Assignment -1

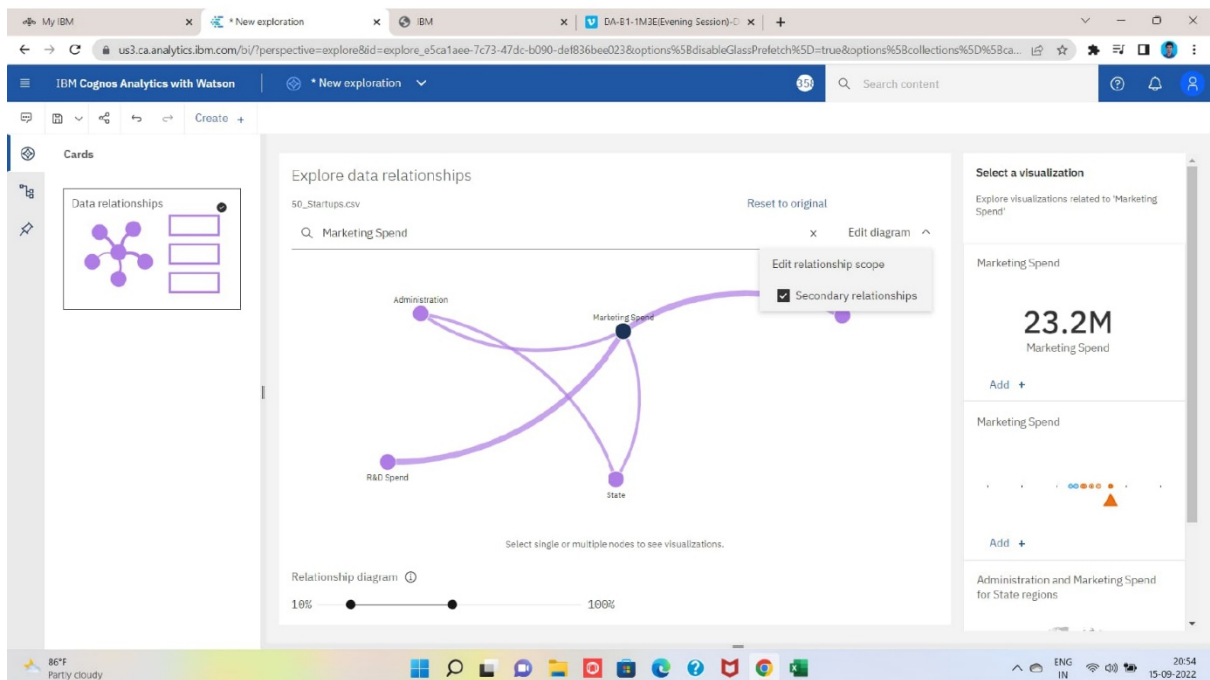

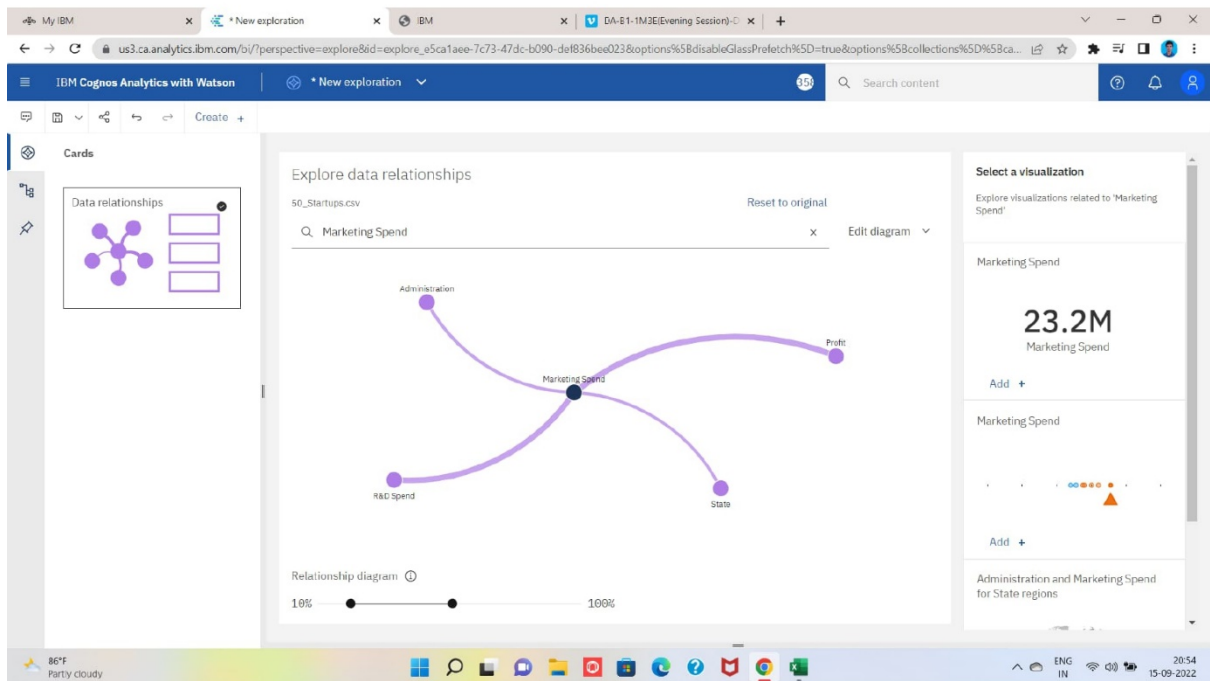

Assignment Date	September 2022
Student Name	Sabari. P
Student Roll Number	910619104065
Maximum Marks	2 Marks

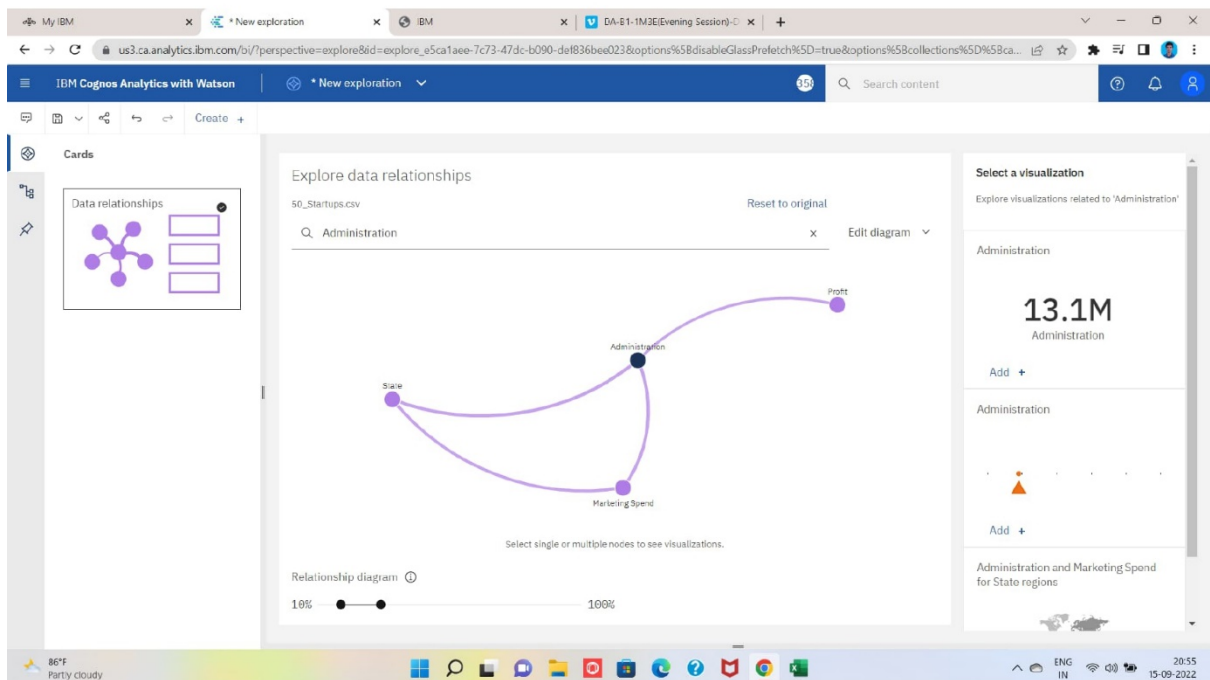

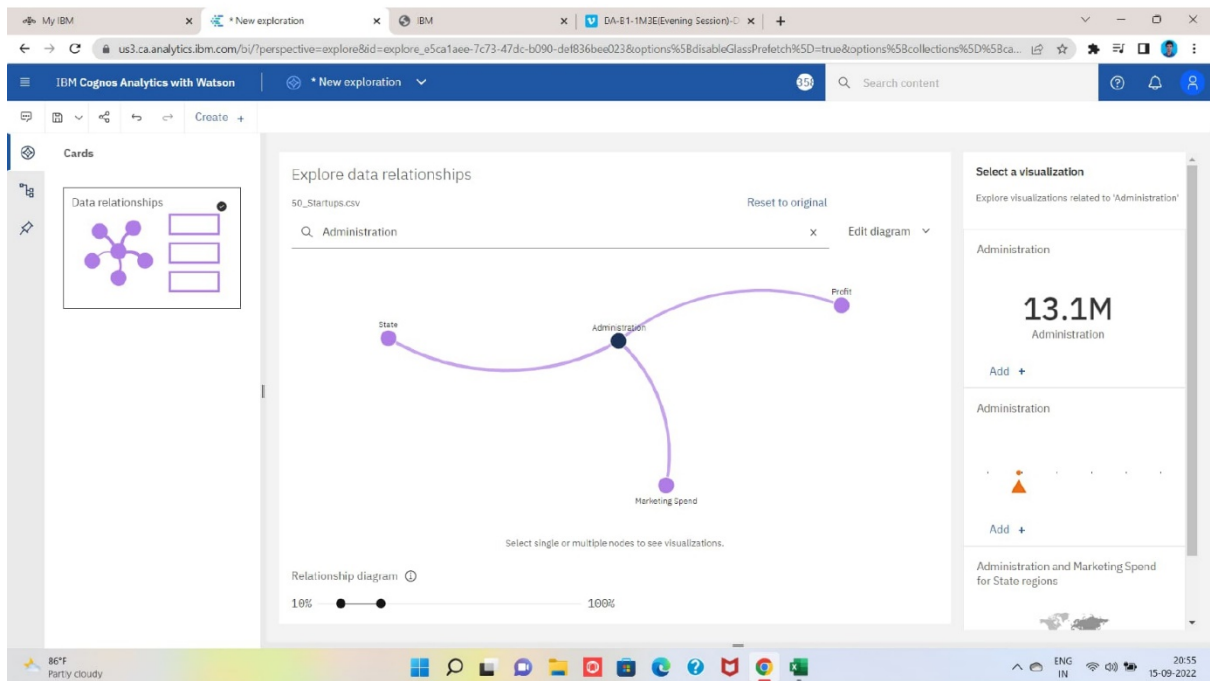

The screenshot displays the IBM Cognos Analytics web application. On the left, a sidebar shows the 'Assistant' panel with a file named '50\_Startups.csv'. Below it, a preview of a bar chart titled 'Profit and R&D Spend' is visible. The chart compares 'R&D Spend' (purple bar) and 'Profit' (blue bar) across various values. The x-axis is labeled 'Values' and ranges from 0 to 10,000,000. The y-axis is labeled 'Measures'. A legend indicates that purple represents 'R&D Spend' and blue represents 'Profit'. Below the chart, there is a 'Show related visualizations' link and an 'Ask a question' input field.

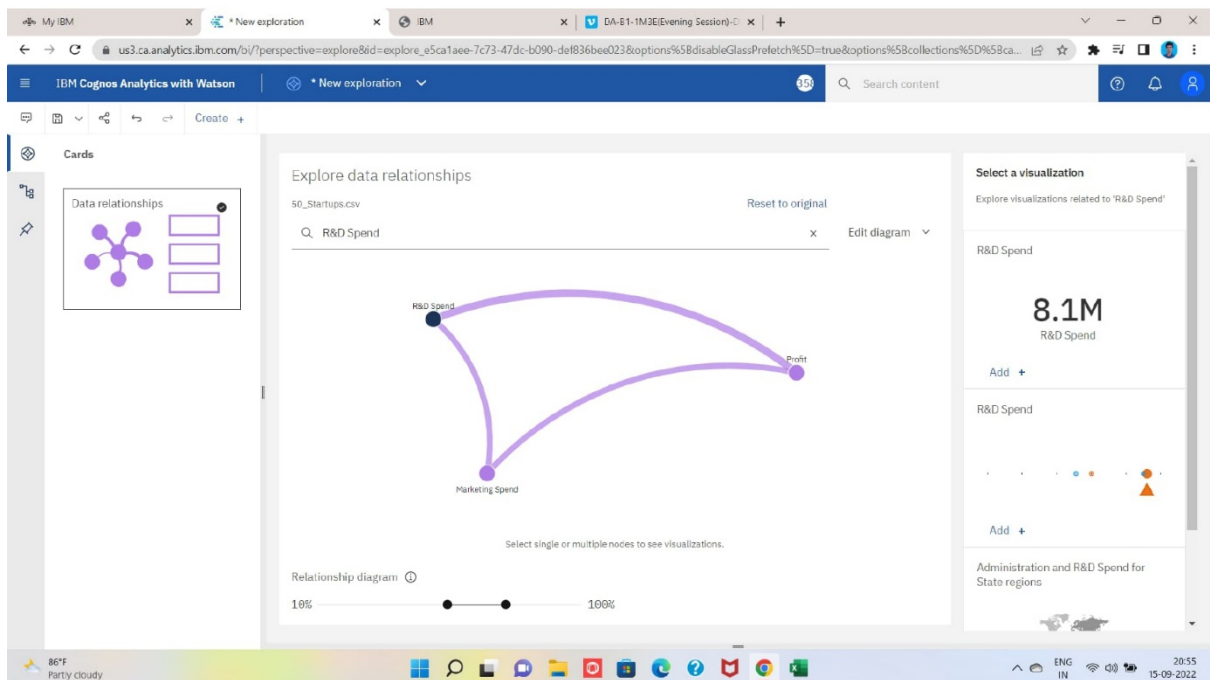

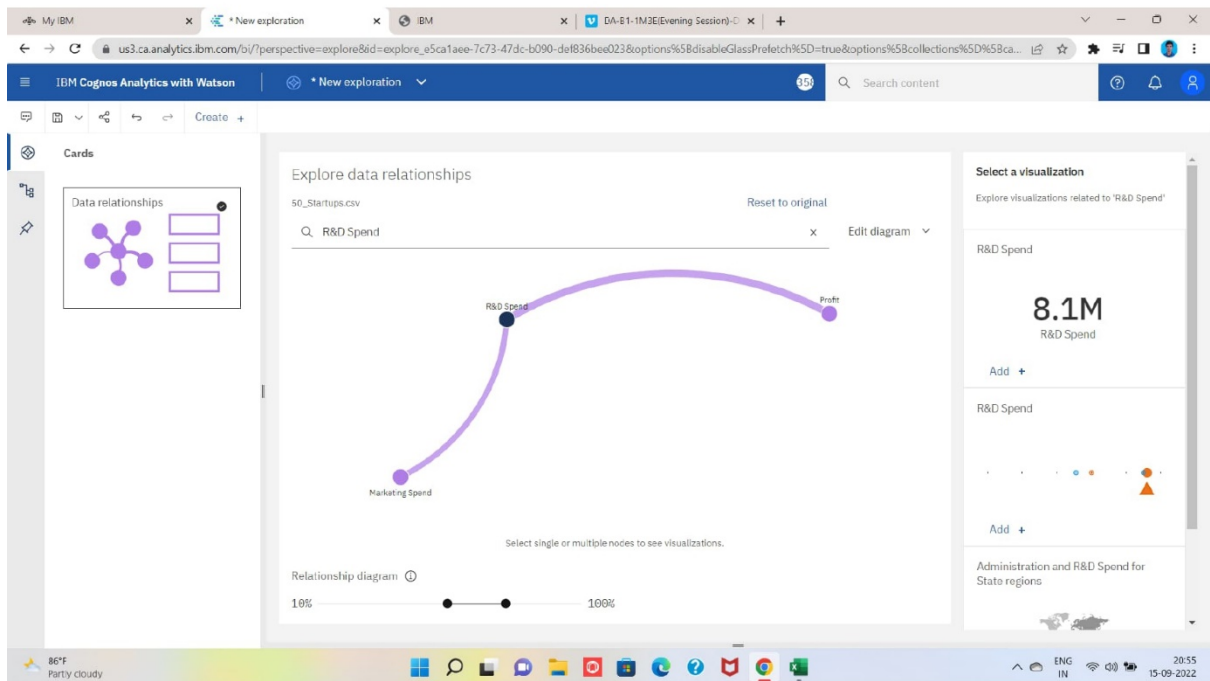

The main area of the application is titled 'Select a starting point'. It includes a search bar with the placeholder text 'Enter data column. Not sure? Try Profit, Marketing Spend'. Below the search bar, there are four buttons: 'Profit', 'Marketing Spend', 'Administration', and 'R&D Spend'. A 'Skip' button is located in the top right corner of the main area.

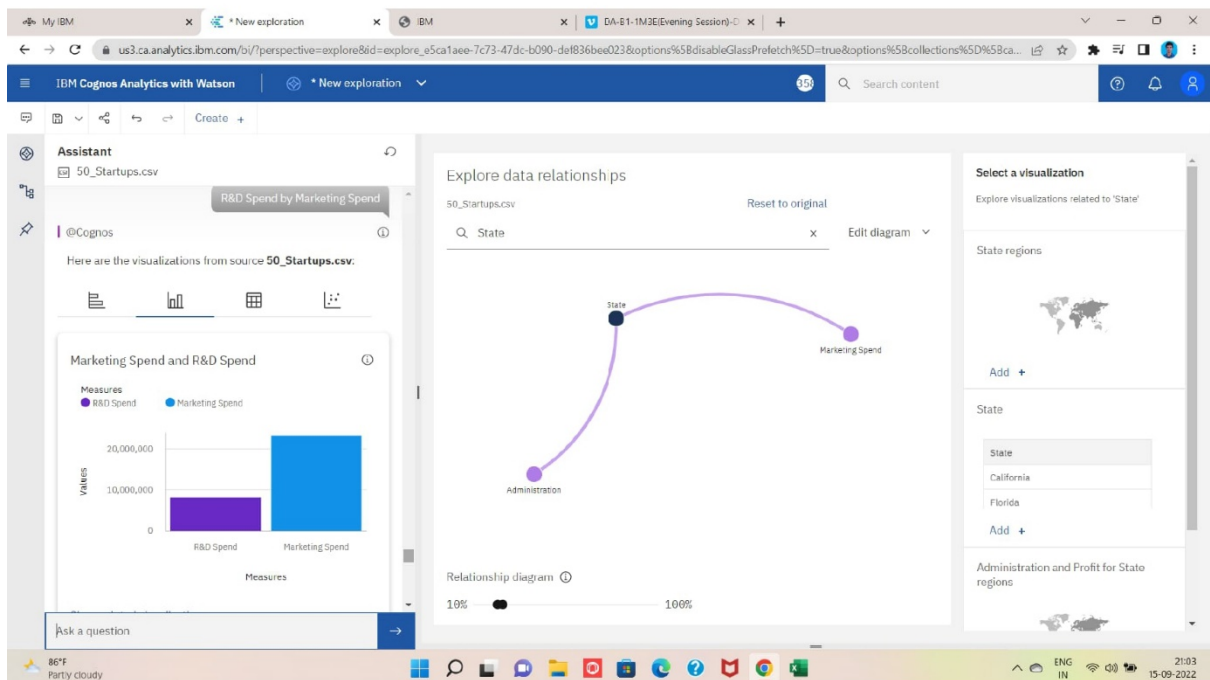

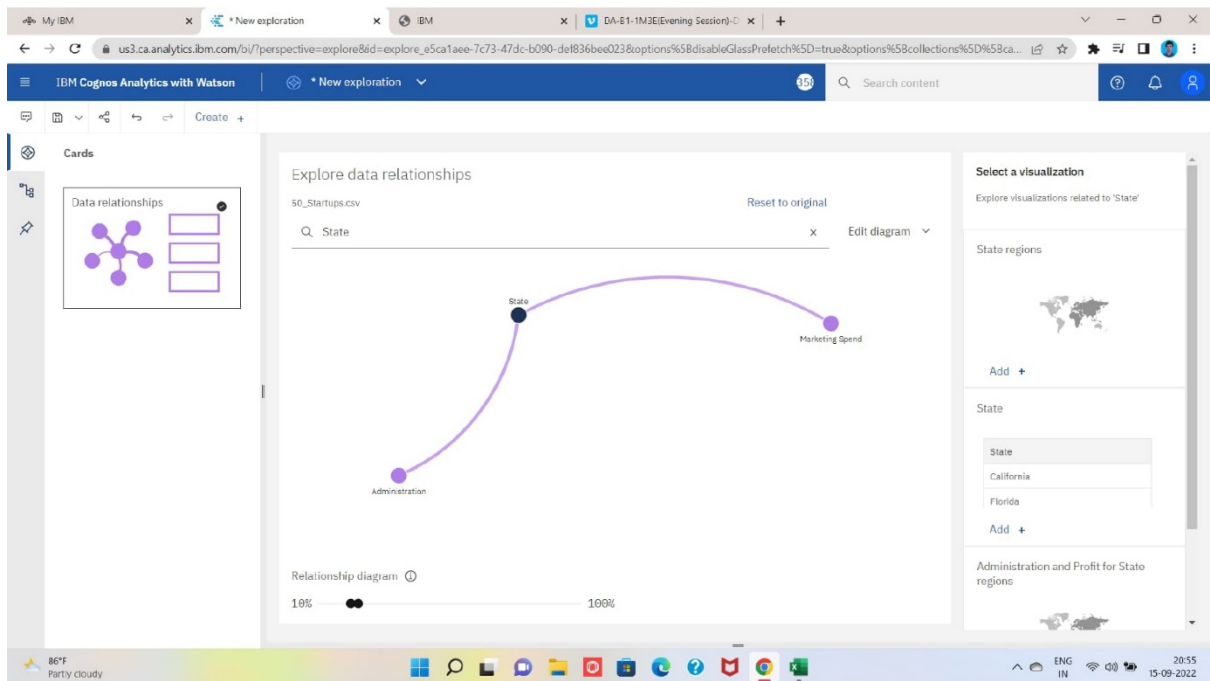

The bottom of the screenshot shows a Windows taskbar with various application icons, including the Start menu, Search, File Explorer, and several web browsers. The system tray on the right indicates a temperature of 87°F, 'Mostly cloudy' weather, and the date and time as 19:56 on 15-09-2022.
